Approximately 550 km of the marked hiking trail passes through the most beautiful area of the region. This trail was chosen as "One of the best ten marked trails of the world " by Sunday Times in 2001. This path is so convenient for trekking. Trekking of whole The Lycian Way at once is extremely difficult. For this reason visitors either trek only the most attractive regions combination of this gorgeous way or they complete it in parts.

In this trip we prepare a short culture- trekking program which includes Lycian way's impressive regions. Trekking program passes through natural beauties between Fethiye and Sydyma and as well as worth- to -see historical places of the area.
